DESCRIPTION

MAG LITE 3000 is a portable charger compatible with MagSafe technology. All you need to do for effective and safe charging is to magnetically attach the Power Bank to your MagSafe-equipped iPhone, without the need for cables or precise alignment.

The slim and compact design allows you to carry MAG LITE 3000 with you all the time and charge your iPhone whenever you are, without cables and ensuring maximum freedom of movement.

Available in 2 different colors to be in match with your iPhone and related MagSafe cases
